Notification Description (Including Extent, Purpose / Reason, and Effect on Form, Fit and Function)

This notification is to inform our customers of a product marking change for the E4T, E8T and S4T series of encoders. The new marking will be utilized across all three product lines. We are making this change to improve readability for our customers and to provide consistency across the product lines.

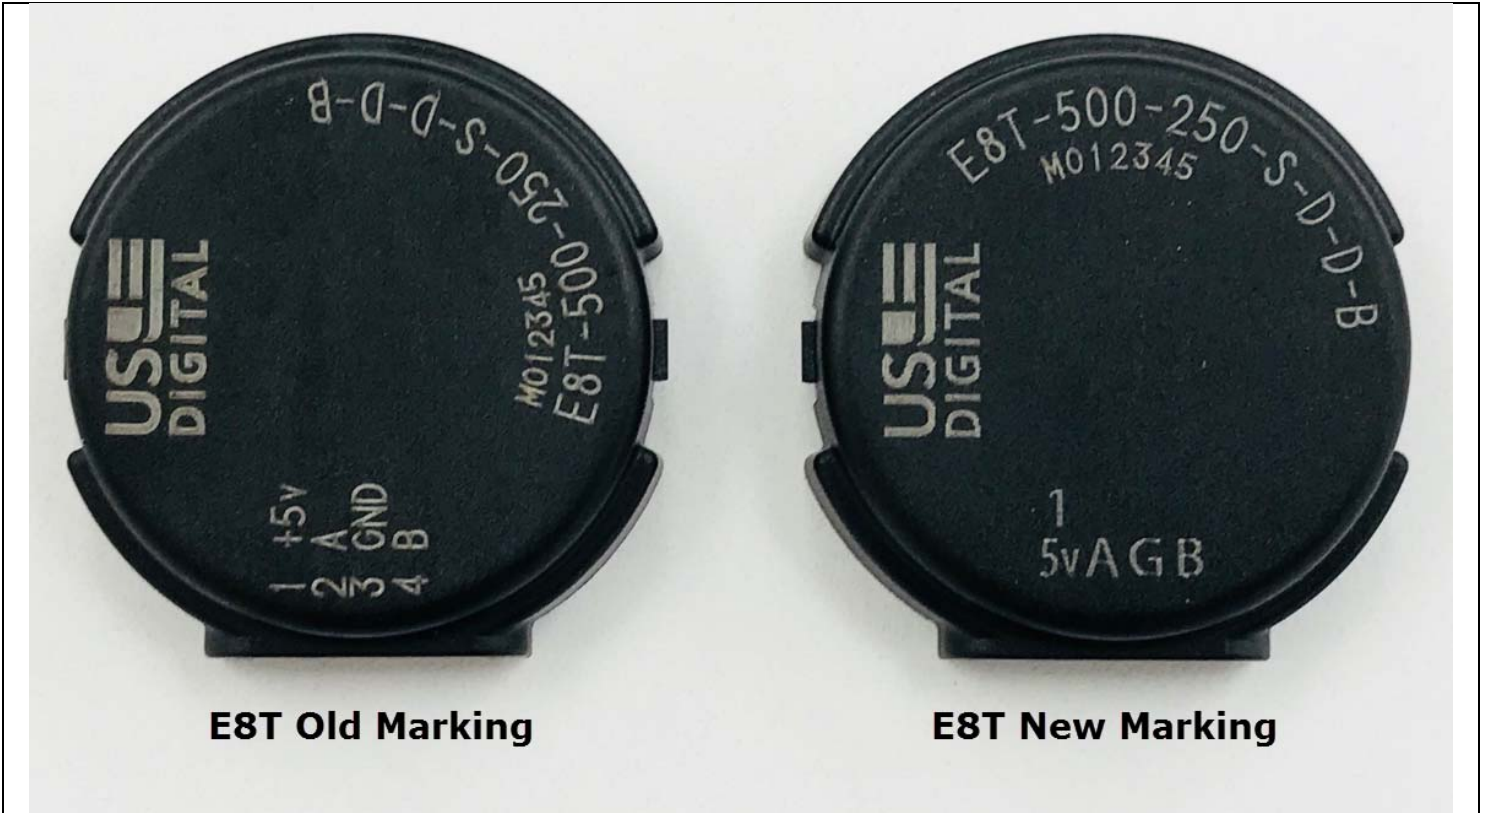

**E4T, S4T
Old Marking**

**E4T, S4T
New Marking**
