

CA-FC5-W4-NC Product Description

The CA-FC5-W4-NC discrete wire encoder cable has a 5-pin female polarized latching connector on one end of four individual discrete 22 AWG wires; the other end is unterminated. This cable is typically used to connect a single-ended encoder to a terminal strip or a customer-supplied connector. This cable does not convey the index signal and is usually used with non-index encoders.

WARNING: This product can cause exposure to substances, such as *phthalate plasticizers*, known to the State of California to cause cancer and reproductive harm. For more information, go to oehha.ca.gov/proposition-65 (<https://oehha.ca.gov/proposition-65>).
